THE FREEDOM TO BREATHE

This course is designed for people who want to dissolve the unconscious restrictions that limit their lives. Using breath as a tool, it is a gentle entry into the moment, which can release past trauma, both emotional and physical, and result in a dramatically expanded sense of oneself.

"It is incredible that just through breathing and being with another human being my body and soul get cleaned and healed from things and themes that had stuck with me for perhaps my whole life. It is such an enlightening and freeing experience which opens the way to a life full of new possibilities that I couldn't even have dreamed about."
